The Los Angeles chapter of Refuse Fascism is calling for a human installation titled "The Disappeared". Los Desaparecidos".

The Fascist Trump Regime Must Go NOW!

In front of the Federal Building DTLA at 300 N Los Angeles Street from 5 to 7pm.

This event is a human installation of people dressed in white and assembled kneeling in the street where the Federal building that houses ICE and Homeland security are located – and where the downtown detention tower is located just around the corner on Aliso Street.

People will be visually representing the prisoners currently being held in CECOT and other offshore concentration camps where people are being disappeared & deported without due process. These are concentration camps in countries known to torture that are beyond oversight and beyond the rule of law.

We've read the Diary of Anne Frank in Germany. We remember the terrible history of Argentina, of Pinochet's Chile, and recently Turkey where over 100 thousand people were detained for over 9 months in 2016.

This is Fascism and it is happening here.

What is happening in Los Angeles is a battering ram for the imposition of a fascist form of rule over the whole society. No election fair or fraudulent can legitimate this. Waiting for 2026 or hoping the courts will be the bulwark when the Supreme Court has become an instrument of Trump's fascist executive is folly. Fascism and the Military occupation of L.A can not be condoned. It can not be normalized. It can not be collaborated with.

Fascism must be stopped and defeated before it becomes too late.

It is up to the people in our millions to stop this – Our ongoing protests show the potential for what is urgently needed – a massive popular uprising to raise the demand The TRUMP REGIME MUST GO NOW! Not stopping until this demand is met.

**IN THE NAME OF HUMANITY - WE REFUSE TO
ACCEPT A FASCIST AMERICA!**

This is a permitted visual event where the street will be blocked off. Register to participate.
